CITY COUNCIL.

The Street Car Franchise Grante Under Certain Conditions

The city council held their regula nonthly meeting last night. After the usual routine business of the city had been disposed of, the amended franchise or the Nelsen street car line was taken under consideration. The ordinance under which it was granted after sever al changes by the street committee, hav ing finally reached a stage satisfactory in its requirements of both the city and

The several rights of way requested are described in the sections of the ord sace and it requires that work upon shall be commenced within three months from the date of the passing of the ordinance, and shall be completed within one year. The same length of time from the beginning of work on any of the other lines is greated.

An indemnity bond of \$1000 is required of the grantee before the work shall commence. The ordinance was given its first reading and consigned to the

regular course.

The resignation of police office ter reading several applications for the position, the name of G. W. Oakes, who Friday night, was submitted by the may r and the pomination confirm A motion to appoint another police dications on hand turned over to th
